

Employment Bulletin No. 5410**23rd July, 2010**

We are seeking **internal** and **external** expressions of interest for:

Dental Laboratory Positions

Djerriwarrh Health Services is a multi-campus service that provides healthcare to the Shires of Melton and Moorabool, one of the fastest growing population corridors in Australia, and is located approximately 35 minutes from Melbourne.

A 12 chair purpose built dental clinic, complete with a modern and fully equipped laboratory, is currently being constructed at our Melton Health campus and is due for completion late 2010. The dental clinic will be a teaching facility for La Trobe University students and there will be a requirement to provide technical support and supervision to students within the laboratory.

We are seeking applicants who demonstrate;

- A commitment to community dental practice
- High quality health service provision
- An innovative approach to meeting the oral health needs of the community working with a multidisciplinary team

Lead Dental Technician - Full-time (REF: DJH51/10)

This newly created position is responsible for facilitating the smooth operation of lab services and maintaining the throughput of appliance construction in accordance with Key Performance Indicators. The Lead Dental Technician will provide leadership to a team of staff working within the Laboratory, as well as facilitate training and supervision of dental students and apprentices.

Dental Technician – Part-time 0.5 EFT (REF: DJH52/10)

An opportunity exists for an enthusiastic, part-time Dental Technician who will be required to support our laboratory team in constructing, modifying and repairing dentures and other prosthesis, under the direction of the Lead Dental Technician. The ideal candidate must have the ability to work as part of a progressive team, facilitating contemporary work practices.

Dental Prosthetist – Part-time 0.5 EFT (REF: DJH53/10)

Suitably qualified and experienced Dental Prosthetists are encouraged to apply for this part-time position, designed to provide prosthetic treatment to eligible patients within the public health service. This position includes both laboratory and chair time to allow for the design, construction, fitting of appliances and patient education. The position will also have a role in providing education and supervision of dental students.

Apprentice Dental Technician – Full-time (REF: DJH45/10)

A new and exciting opportunity exists for an applicant who wishes to embark on a career as a Dental Technician. The apprenticeship position will include training onsite within our laboratory and the completion of the 'Diploma Dental Technology' at RMIT (Melbourne). This position will ideally suit a creative individual who also has an interest in scientific and medical applications.

APPLICATIONS CLOSE: 6TH August, 2010

Position descriptions and key selection criteria can be obtained from Melinda Sammut by phoning 03) 5367 2000, emailing melindas@djhs.org.au or visiting our website at www.djhs.org.au.

When applying please quote the job reference number, address the key selection criteria, include a resume and the names of two professional referees.

Applications may email or send their applications to:

Melinda Sammut, Human Resources Officer
Djerriwarrh Health Services
PO Box 330, Bacchus Marsh, Victoria 3340.

The successful applicant will be required to supply a current Police Records Check.
